

From 1<sup>st</sup> April 2011, Glasgow's five local regeneration agencies will join together to become one citywide organisation that will be known as **Glasgow's Regeneration Agency**. This is due to a large reduction in public sector funding and as a result we now need to focus on delivering our services more efficiently.

By coming together as one organisation, the aim is for Glasgow's Regeneration Agency to become the most co-ordinated and effective regeneration and employment network in the city.

As our valued client, we have worked hard to ensure services at a local level are maintained and we will continue to support you back into work while creating training opportunities and giving young people a positive route into education or employment.
